### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Paul G. Nagy on 5/5/06.

The application has been amended as follows:

Claim 13, line 4, "a next previous cell" has been changed to – an immediately preceding cell--.

Note. Claim 13 has been amended for clarity.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: add number 61 to block CE and change block TM number to 68 on Fig. 6. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

### ***Allowable Subject Matter***

3. Claims 1-21 are allowed.

4. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a communication device and method comprising self-sorting queue of packets.

The prior art of record does not teach or fairly suggest at least the following:

Art Unit: 2616

receiving first and third tags identifying locations for two packets, receiving second and fourth tags identifying relative priority for the packets, storing the first and second tags in a first queue cell, receiving by the first cell one of pop or push signals, wherein the pop operation will pass said first and second tags to one of said plurality cells and wherein push operation will compare second and fourth tags to determine a relative order of precedence between said first and second packets, as specified in independent claims 1, 10, 18 and 19.

The closest prior art, Narayana (US 6,577,635), fails to anticipate or render the above limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should be preferably accompany the issue fee.

Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance"
